Global Environmental Issues StoryMaps

Daniel 2:21 ESV “He changes times and seasons; he removes kings and sets up kings; he gives wisdom to the wise and knowledge to those who have understanding”.

Happy New Year to all! As we begin 2021 with renewed hope and prayers, the Green Team looks forward to sharing useful news about environmental issues. Starting with global issues and ending with local action ideas, the January Green Team blurbs will help us start the year with education and action.

In this first Broadcast of 2021, we offer three StoryMaps with remarkable global-scale environmental issues. A story can effect change, influence opinion, and create awareness—and maps are an integral part of storytelling, giving narratives a stronger sense of place, illustrating spatial relationships, and adding visual appeal.
