

Green Team for Broadcast – May, 2024 – 1st submission (from Joy Mast)

The Green Team is happy to share opportunities to enjoy the local garden bounty and support Wisconsin farmers. For the 1st Broadcast in May, we focus on Community Supported Agriculture (CSA) where consumers receive a variety of freshly picked vegetables every week. Within the Christ Church family, Tom Herbstreith's son runs an organic CSA farm, Village Farmstead, which offers multiple pick-up locations (including at Tom's home, 6737 N. Santa Monica Blvd, in Fox Point). For more CSA options in the greater Milwaukee area, check out the CSA Coalition's website.

Village Farmstead

Community Supported Agriculture

June

What is Community Supported Agriculture?

CSA is a relationship between farmers, land, food, and you! By purchasing a membership in our CSA, you receive a weekly share of seasonal vegetables grown and curated by, us, your farmers.

July-Sept

What you get!

\$30 to \$40 share of veggies per week
24 weeks (June - Nov)

Photos are an example of what you might receive depending on time of season in your weekly share

Oct - Nov

Pickup Locations

Oak Creek - at the farm!

Racine
Bay View
Riverwest
Fox Point
